

WEEK	TASK	TOP TIPS	TAKE IT FURTHER
1	Diverse Asia leaflet- Produce a leaflet- which provides information on just how diverse Asia. Include: examples of Asian countries, their populations, what they are famous for, types of employment which are common in each country and the different religions people practice in Asian countries.	Use the internet to research your leaflet. You could also use an Atlas if you have one of these at home.	T.I.F- include photographs and visual resources in your leaflet that show just how diverse Asia is.
2	Bollywood fact file- Produce a fact file on Bollywood. You should include: where Bollywood is, how many people are employed in the Indian film industry, examples of films that have been produced in Bollywood and example of famous actor and actresses.	Use the internet help you research your fact file.	T.I.F- include photographs and visual resources in Bollywood fact file. T.I.I.F- Bollywood films are famous for their elaborate dance scenes. Watch the following clip to experience these for yourself: https://www.youtube.com/watch?v=TBAj4nbdLEU
3	The slums of Bangalore: Produce a poster which highlights the conditions that exist in the slums of Bangalore. You should include at least five facts on your poster.	Use the internet help you find pictures of Indian Slums and facts about them.	T.I.F- Research the Dharavi Slum in Mumbai.
4	Key vocabulary: Look, Cover, Write, Check Globalisation, poverty, rural, urban, improvements, diverse and environmental.	You did an activity like this in cycle A.	T.I.F- provide a definition for the following words: poverty, rural, urban and slum.
5	Monsoon Fact File- Produce a Monsoon fact file which would inform a student in year 6 about the Monsoons which effect India every year.	Use the internet to research the 'Monsoon' season in India. There are also videos of the effects of Monsoons on YouTube.	T.I.F- what was unusual about the 2019 Monsoon season in India?
6	India V UK climate comparison: For the following months of 2018 record the: Temperature, Amount of Rainfall. January, March, June, September and December.	I could not find a website that compares these directly. You will need to search for the average temperatures for each month for the UK and then India.	T.I.F- compare your findings with a third country from a different continent (so not Europe or Asia).
7	Assessment Preparation: Review weeks 1-7 in your knowledge organiser. Create a spider diagram of notes on India this will help you revise.	Focus on topics that you struggle to remember- it feels good to write about things we know but it wastes valuable time.	T.I.F- look back at your key vocabulary for this cycle (week 4) and ensure that these have been included into your
8	India's Space Programme: Independently research and produce a paragraph on India's Space Programme.	Use the internet to research the Indian Space Programme.	T.I.F- why have some people been critical of India's Space Programme?

Subject: Geography

Cycle: B

Topic: Incredible India

9	What problems will India face in the future? Research what experts think will be the problems which might affect India in the future?	Based on its population and 'diverse' nature what problems will India face?	T.I.F- write a paragraph explaining how India might overcome these problems.
10	India in the headlines: Research five different newspaper headlines that reflect what we have studied this cycle.	Use the internet to research when and why India has made the 'headlines' (been in the news).	T.I.F- create your own newspaper headline that best represents India. Write a paragraph that helps explain your headline.
